Guest Speaker: Caterina Tassara, Social Impact Solutions/ASAP Consultant SWOT Analysis	Discussed how to launch a successful nonprofit organization, gaining input from our diverse membership and explore how ASAP can better serve the community and continue to evolve considering current events. Discussed SWOT Analysis: What is it? It is a strategic planning tool that dives into an organization's strengths and weaknesses and external opportunities and threats. <u>Breakout Session: Strengths, Weaknesses, Opportunities, Threats (SWOT)</u> <ul style="list-style-type: none"> • What is the SWOT you see associated with ASAP? What is the CAUSE of the SWOT? <p>Strengths: -Collaborate with community partners well/ PSO judicial system, School Districts, easily adaptable, overcome challenges, numbers have stayed the same or went up, collaboration with other counties for better outcomes, county and state decision makers that are apart of our coalition, sub committees meet and report out monthly, diverse groups, all strive for better outcomes. Weakness: Explaining who we are as an organization. What is ASAP? It is sometime difficult to explain what we do. Attendance so people know what is going on with the coalition. Not enough awareness or marketing and what we do. Weakness is with our meetings when someone new is joining us we assume everyone knows what ASAP is. Not getting emails back from ASAP website,</p>	Information

	<p>marketing more with our organization. Ex: Mid-month email to committee on updates.</p> <p>Opportunities: Community Events/Candle light vigil, opportunities with other community partners and collaboration , re-connected with the medical side/providers, how we can focus on other topics and involve ASAP, connections to community supports and re-connect, follow up with youth example: JDC when they are released have someone follow with them. Conduct a resource guide, more efforts on the central and east side of Pasco County, and expanding on STAND stuff more in schools.</p> <p>Threats: Marketing the difference between alliance for healthy communities, COVID-19, fundraising, limited resources in the county due to growth and need in our county, does everyone have a chance of their voice being heard, virtual platform and being relevant and innovative in our approach, More difficult to network due to COVID</p>	
<p>Committee Updates</p>	<p><u>Rx-</u> Updates provided by Parnia Roghani & Crystal Willson</p> <p>Committee is considering a MAT campaign. Hospital updates branching into 5 more hospitals/liaison.
